ABOUT AIIMS GUWAHATI

Born in 2020 under the Pradhan Mantri Swasthya Suraksha Yojana, AIIMS Guwahati is the Northeast's gateway to world-class healthcare and medical education. More than just a hospital or a college, it represents a bold step toward bridging regional gaps in advanced healthcare and nurturing the next generation of medical leaders.

Equipped with modern infrastructure, cutting-edge laboratories, and a state-of-the-art multi-speciality hospital, AIIMS Guwahati is set to redefine tertiary care in the region. It is not only a place to treat disease but also a hub to train, innovate, and research solutions tailored to the unique health challenges of the Northeast.

As one of India's youngest AIIMS institutes, it carries the legacy of excellence while embodying the energy of new beginnings. AIIMS Guwahati stands as a beacon of hope, innovation, and progress, bringing advanced care closer to millions and shaping the future of healthcare in Assam and beyond.

ABOUT ETERNIA

Eternia is one of the largest medical college fest in Northeast India — a four-day extravaganza that brings together culture, sports, literature, and pure fun in one unforgettable celebration.

From electrifying sports tournaments and thought-provoking literary showdowns to cultural showcases and casual crowd-favorites like Beg, Borrow, Steal and the Treasure Hunt, Eternia has something for everyone. The festival reaches its crescendo each year with a grand finale concert, featuring a leading singer or DJ who sets the stage ablaze.

Signature events like Eternal Echoes, the premier talk show that attracts eminent speakers from across India, the SPIC-MACAY performance, Band Night, Cultural Night, and Drama Night ensure that every evening brings a fresh wave of artistry, inspiration, and entertainment.

Eternia is more than a fest — it's a celebration of talent, creativity, and community that keeps growing brighter each year.
